My husband and I are homeowners in Countryside subdivision in Prospect, Kentucky. It has been brought to my attention that Wirelesco L.P. on behalf of Sprint is planning a monopole just west of our subdivision. I am writing this letter to oppose this and any freestanding tower this close to residential homes. First, it is unsightly and secondly there has been proven documentation that the current from these types of devices are long term physically harmful. Many of our neighbors are opposed to this and I am sure your company will be hearing from them in the near future.

If you have any further questions, you may contact me at (502)228-2853.

Sincerely,

Louise Miller
